

Stephen Smart

I am very eager to find a software development position and work hard helping to build meaningful software! Please check out my website that I built from scratch, stephendsmart.com, to learn more about me.

EXPERIENCE

University of Colorado, Boulder CO — *Research Assistant*

AUGUST 2017 - MAY 2019

- Designed, developed, and performed scientific experiments
- Developed machine learning models to automate data visualization

Paycom Software Inc., Oklahoma City OK — *Software Developer Intern*

MAY 2016 - AUGUST 2016

- Developed prototype web application demonstrating the pros and cons of Zend Technologies' PHP MVC Framework
- Presented prototype to Paycom executives

Noble Research Institute, Ardmore OK — *Software Developer Intern*

MAY 2015 - AUGUST 2015

- Designed and implemented support applications for existing software developers and scientists
- Organized and lead weekly staff meeting

EDUCATION

University of Colorado, Boulder CO — *PhD Computer Science (Did Not Finish)*

AUGUST 2017 - MAY 2019

- Data Visualization Researcher
- 3.5 GPA

University of Oklahoma, Norman OK — *BS & MS Computer Science*

MAY 2011 - AUGUST 2017

- Minor in Mathematics
- Special Distinction
- 3.7 GPA

220 Summit Blvd Unit 407
Broomfield, CO 80021

(580) 504-2492

SKILLS

Programming Languages

(At Least Some Experience):

Python, HTML/CSS, Javascript, PHP, C, C++, SQL, Java, C#, Bash, Swift

Frameworks and APIs:

D3, Node.js, JQuery, OpenGL, Zend, .NET, Entity Framework, Pixi.js

Operating Systems and Software:

Windows, Linux, MacOS, MATLAB, JMP, Tableau, PostgreSQL

Other:

Quantitative and Qualitative Research Methods, Teaching

SERVICE

(2018) Graduate Student

Orientation Volunteer:

Helped introduce new grad students to the CU Boulder campus and community

(2016-2017) Graduate Student

Mentor:

Mentored undergraduate students in Computer Science at the University of Oklahoma

AWARDS

(2017) Outstanding Masters

Student in Computer Science:

Awarded to a single Masters student who went above and beyond

(2016) Outstanding Student

Leadership in Computer Science:

Awarded to a few undergraduates who showed excellent leadership qualities
