EXPERIENCE

University of Colorado, Boulder CO — *Research Assistant*

AUGUST 2017 - MAY 2019

- Designed, developed, and performed scientific experiments
- Developed machine learning models to automate data visualization

Paycom Software Inc., Oklahoma City OK — *Software Developer Intern*

MAY 2016 - AUGUST 2016

- Developed prototype web application demonstrating the pros and cons of Zend Technologies' PHP MVC Framework
- Presented prototype to Paycom executives

Noble Research Institute, Ardmore OK — *Software Developer Intern*

MAY 2015 - AUGUST 2015

- Designed and implemented support applications for existing software developers and scientists
- Organized and lead weekly staff meeting

EDUCATION

University of Colorado, Boulder CO — *PhD Computer Science (Did Not Finish)*

AUGUST 2017 - MAY 2019

- Data Visualization Researcher
- 3.5 GPA

University of Oklahoma, Norman OK — *BS & MS Computer Science*

MAY 2011 - AUGUST 2017

- Minor in Mathematics
- Special Distinction
- 3.7 GPA

SKILLS

Programming Languages (At Least Some Experience):
Python, HTML/CSS, Javascript, PHP, C, C++, SQL, Java, C#, Bash, Swift

Frameworks and APIs:
D3, Node.js, JQuery, OpenGL, Zend, .NET, Entity Framework, Pixi.js

Operating Systems and Software:
Windows, Linux, MacOS, MATLAB, JMP, Tableau, PostgreSQL

Other:
Teaching, Piano, Golf, Gaming

SERVICE

(2018) Graduate Student Orientation Volunteer:
Helped introduce new grad students to the CU Boulder campus and community

(2016-2017) Graduate Student Mentor:
Mentored undergraduate students in Computer Science at the University of Oklahoma

AWARDS

(2017) Outstanding Masters Student in Computer Science:
Awarded to a single Masters student who went above and beyond

(2016) Outstanding Student Leadership in Computer Science:
Awarded to a few undergraduates who showed excellent leadership qualities
